

PLATFORM OVERVIEW

Visibility. Marketplace. Member Rewards.

A digital growth ecosystem for artisans, professionals, product sellers, institutions and small businesses.

RPTCODE - Resource Palm T-code

Service Directory

Find skilled artisans and professionals

Marketplace

Discover products and connect with sellers

Business Promotions

Give approved businesses public visibility

rptcode.com

THE CHALLENGE

Great work often remains invisible.

Skill is not the problem. The challenge is being found, trusted and chosen.

Low discoverability

Many artisans and small businesses depend on word of mouth and cannot consistently reach new customers.

Trust gap

Customers struggle to verify providers, compare options and know who is reliable before making contact.

Costly promotion

Paid advertising can be expensive, short-lived and difficult to sustain for a growing business.

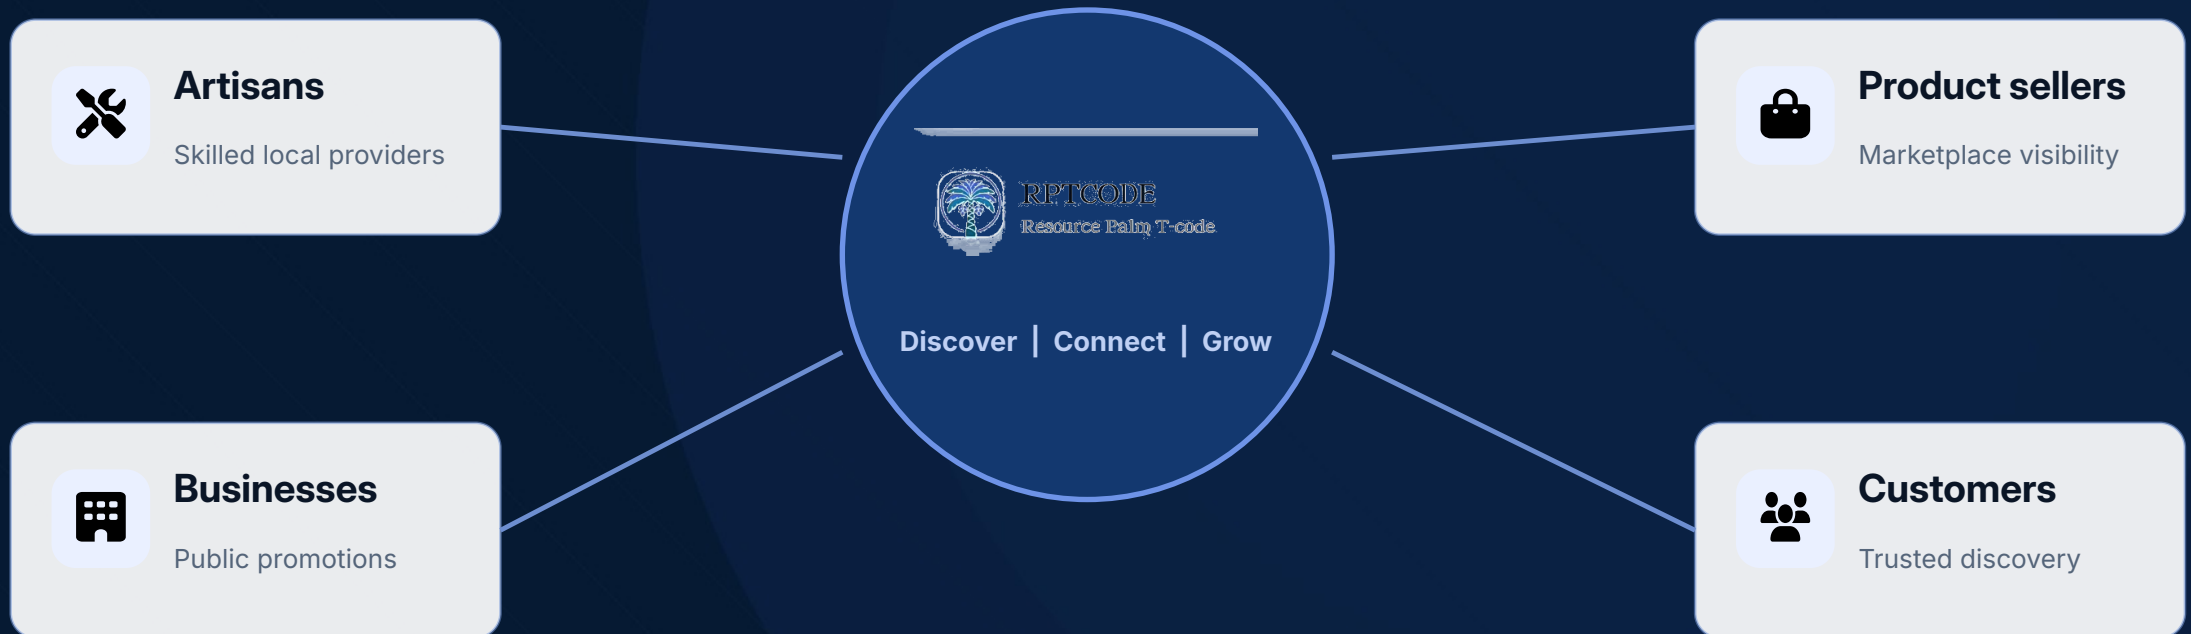

Unpredictable sales

Without steady visibility and customer traffic, income remains irregular even when the product or service is strong.

THE OPPORTUNITY

One digital home for local commerce.

RPTCODE connects discovery, trusted contact paths, member tools and growth opportunities in one ecosystem.

THE PLATFORM

What RPTCODE brings together

Three public discovery experiences supported by one member ecosystem

Service Directory

Artisans and professionals can present their skills, location and contact paths.

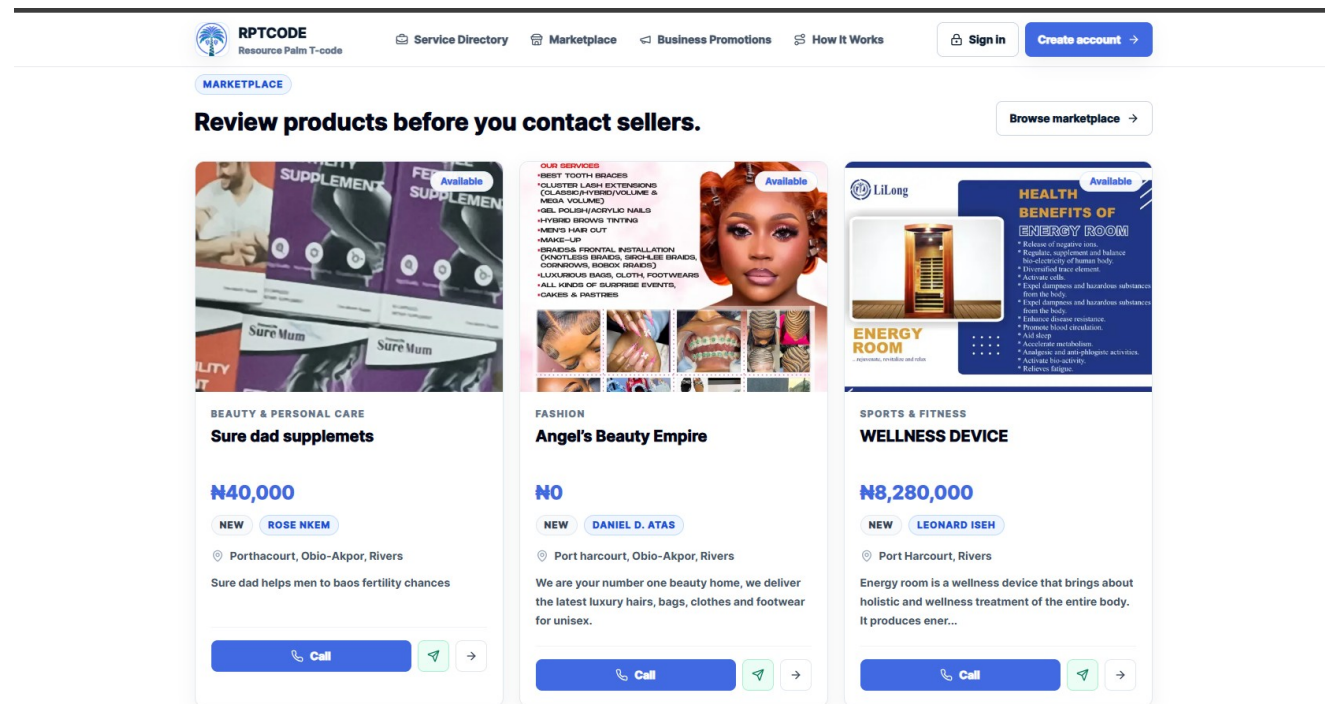

Marketplace

Product sellers can showcase offers and connect directly with interested buyers.

Business Promotions

Businesses and institutions can build public visibility beyond word of mouth.

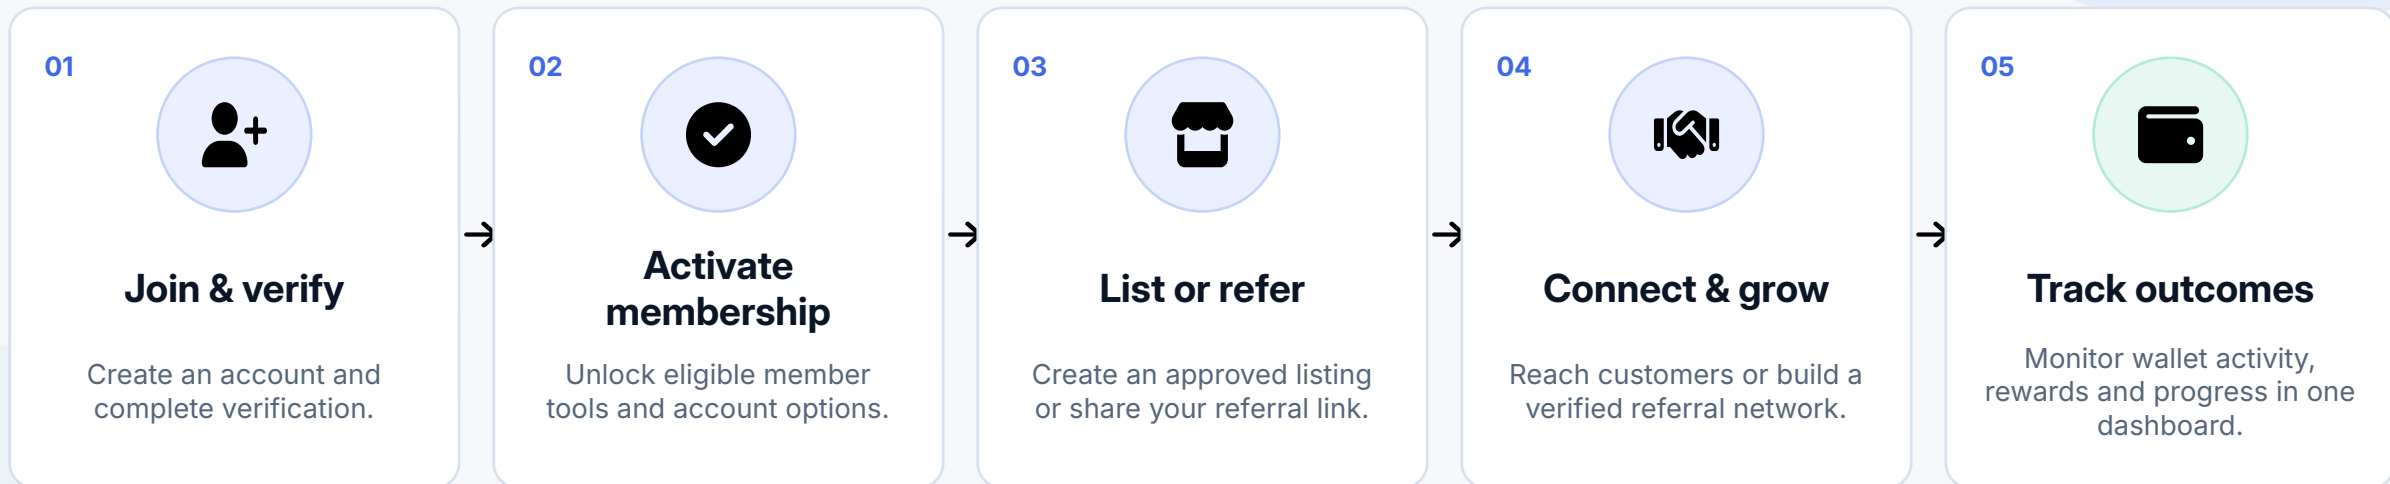

LIVE PRODUCT

Approved listings become public, searchable and directly contactable.

MEMBER JOURNEY

From registration to growth

A simple path that supports both marketplace visibility and member rewards.

MEMBER VALUE

Built for visibility and growth

Members can participate through business discovery, referrals, or both.

Public discovery

Approved listings can reach people beyond the member's immediate network.

Direct contact

Customers can call, message or visit the available business contact paths.

Trust signals

Verification and structured profiles help customers make informed choices.

Member patronage

A member-powered ecosystem encourages members to discover and support members.

Wallet visibility

Track rewards, transactions, withdrawals and supporting references.

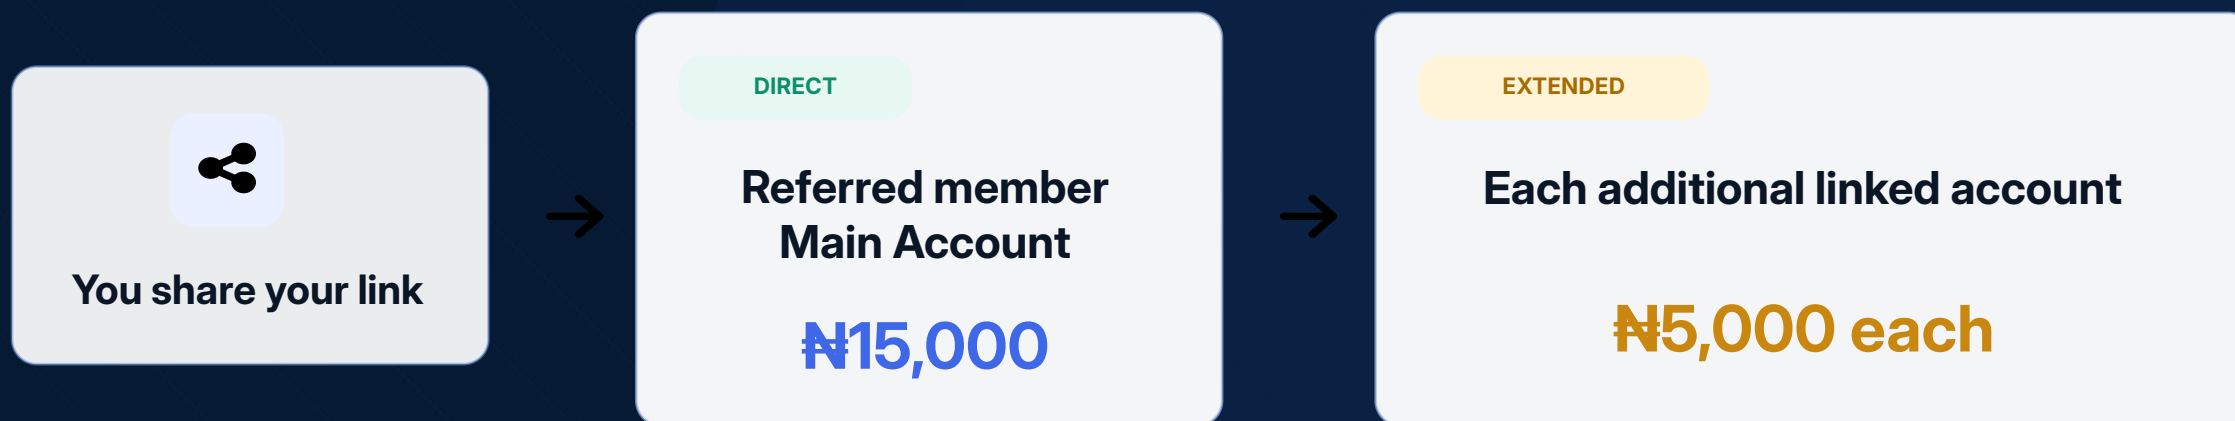

Progression

Referral activity and qualifying leadership milestones create another growth path.

MEMBER REWARDS

A second growth path: referral rewards

Members can earn from verified activations even when they are not selling a product or promoting a business.

✓ Reward depth stops at level 2. No level 3 reward is introduced.

REFERRAL SCENARIOS

How the account-pack scenarios work

The direct reward is paid on the referred Main Account, with extended rewards on additional linked accounts.

1 ACCOUNT

Activation value

₦30,000

Referral reward

₦15,000

₦15,000 direct

3 ACCOUNTS

Activation value

₦90,000

Referral reward

₦25,000

₦15,000 + 2 × ₦5,000

7 ACCOUNTS

Activation value

₦210,000

Referral reward

₦45,000

₦15,000 + 6 × ₦5,000

Programme figures supplied by RPTCODE. Rewards are illustrative and are not guaranteed income.

MAIN-ACCOUNT SCENARIOS

How multiple activations can reward the Main Account

Illustrative example: the Main Account earns ₦15,000 for each additional activated account in the pack.

2 ACCOUNTS

Main-account reward

₦15,000

1 × ₦15,000

3 ACCOUNTS

Main-account reward

₦30,000

2 × ₦15,000

4 ACCOUNTS

Main-account reward

₦45,000

3 × ₦15,000

7 ACCOUNTS

Main-account reward

₦90,000

6 × ₦15,000

Illustrative scenario supplied for RPTCODE programme communication. Rewards remain subject to verified activity, eligibility, platform terms and approval.

ILLUSTRATIVE SCALE

What 10 successful referrals can look like

A simple illustration of gross referral rewards across the three account-pack scenarios

Illustrative only - not guaranteed

Actual rewards depend on qualified activity and verified activations.

₹150,000

₹250,000

₹450,000

10 × 1 account

10 × ₹15,000

10 × 3 accounts

10 × ₹25,000

10 × 7 accounts

10 × ₹45,000

Illustrative gross referral rewards. Earnings are not guaranteed and may vary by member activity and programme compliance.

LEADERSHIP

Progress that can unlock staged rewards

The RPTCODE leadership schedule recognises qualifying progress across seven stages.

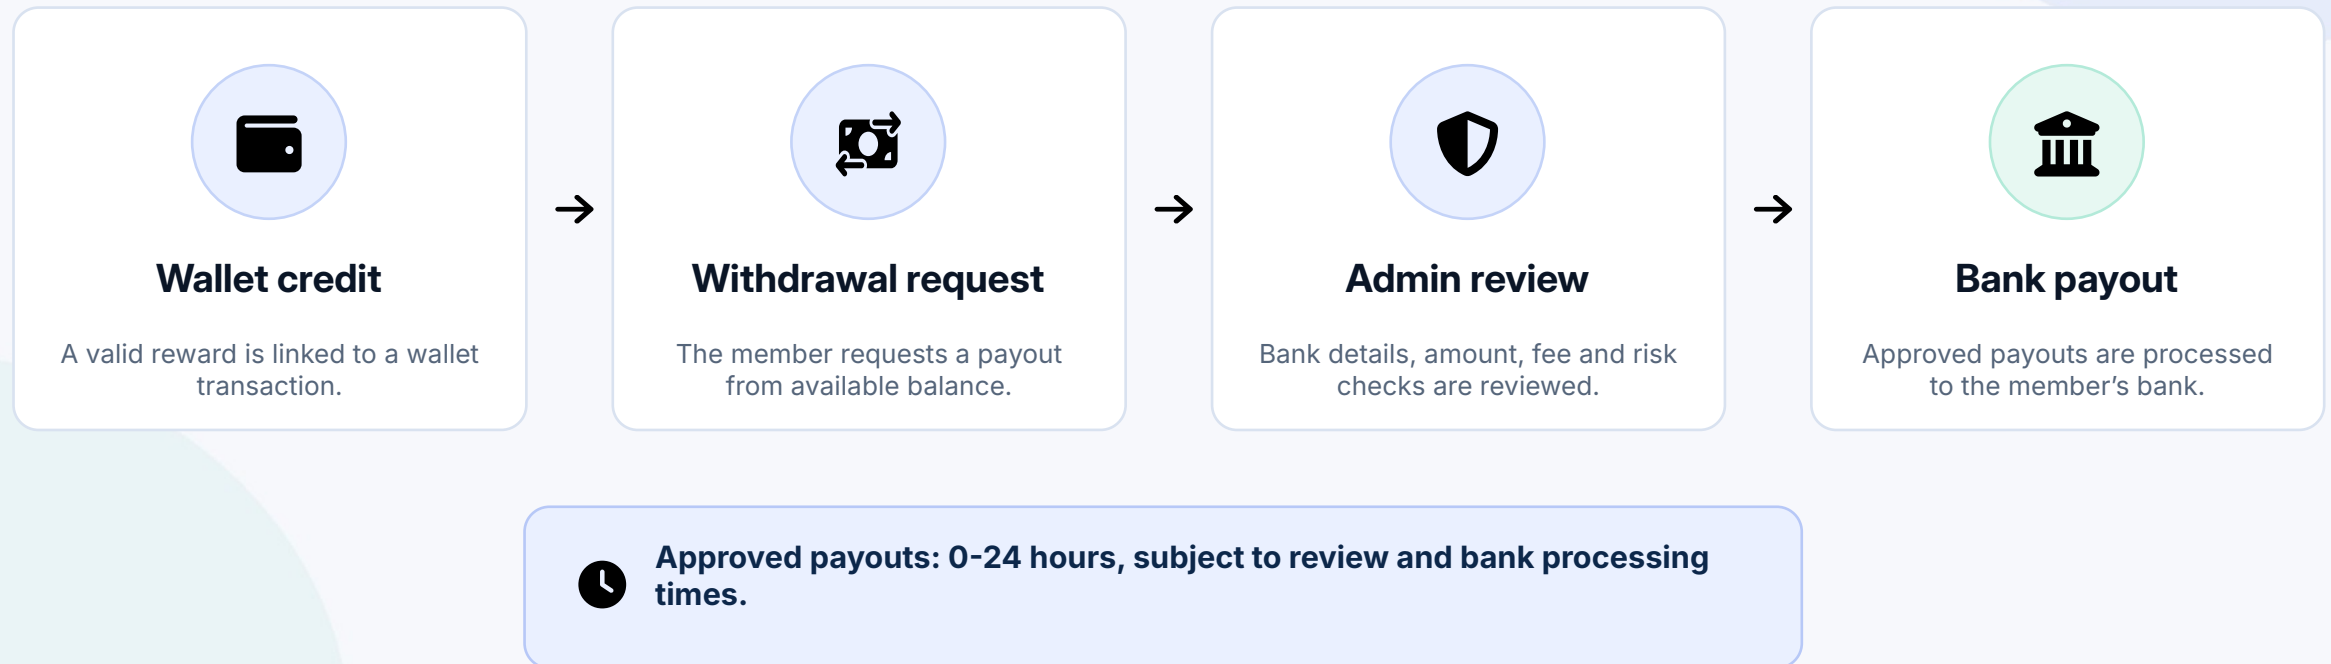

Qualification criteria and award approval apply at every stage.

Leadership amounts are based on the RPTCODE programme schedule supplied for this presentation. Awards are subject to qualification and approval.

PAYOUT & CONTROL

Rewards move through a controlled wallet flow

Every approved payout follows a traceable process from credit to bank transfer.

WHO IT SERVES

Designed for people building real value

RPTCODE supports participants who want visibility, customer access, network growth, or a combination of all three.

Artisans

Tailors, technicians, beauty professionals, builders and skilled trades.

Professionals

Consultants, caregivers, educators, trainers and service providers.

Product sellers

Retailers, manufacturers, online vendors and local merchants.

Small businesses

Growing enterprises seeking public visibility and direct customer contact.

Institutions

Schools, training centres, organisations and community services.

Community builders

Members who grow through referrals, mentorship and leadership progress.

WHY RPTCODE

More than a marketplace

RPTCODE combines public discovery with member tools, rewards and progression.

A typical online listing

- ✓ One public profile or advert
- ✓ Visibility depends mainly on traffic
- ✓ Separate tools for rewards and progress
- ✓ Limited community participation

The RPTCODE growth ecosystem

- ✓ Service directory, marketplace and promotions
- ✓ Direct customer contact and public discovery
- ✓ Wallet, referral rewards and leadership progress
- ✓ Member-powered commerce and network growth

MARKETPLACE + MORE

Get visible. Build your network. Grow with RPTCODE.

Choose your growth path: showcase what you do, share your referral link, or combine both.
